District 6
Raymond Gros, District 7

The Louisiana Department of Health (LDH) has updated their quarantine guidelines to align with the new CDC guidelines released last week. These new guidelines allow teachers and students that may have been exposed to COVID-19 to shorten their quarantine period from 14 days to 10 days with a negative test result.

Our administrative team is working to update the district's protocols as quickly as possible so that we can welcome our students and employees back quicker. As our team develops the updated process, it is important that any student or employee that is currently under a quarantine order remain under quarantine unless told otherwise.

Moving forward we will continue to follow all recommended CDC and LDH guidelines to ensure the health and safety of all SJP students and faculty: temperature checks, social distancing to the greatest extent possible, frequent sanitation of all commonly used areas, etc.

We would like to thank you for your continued support and patience.
